Behavior Rewired™ Train-the-Trainer

for District and School-Based Leaders

July 2026 | Philadelphia, PA

*Jessica Sinarski, LPCMH
BraveBrains Founder & Lead Trainer*

One training. Lasting impact.

Right now, schools are being asked to solve increasingly complex behavior challenges that traditional systems were never designed to handle.

Behavior Rewired helps you build internal capacity to meet these demands *by training a team to lead this work in your system.* You'll see:

More Confident Leaders

Participants return with everything they need to train and coach others—slides, visuals, guides, and supported practice.

Stronger Staff Alignment

Using strengths-based language that honors both student *and staff* experience, even skeptical educators begin to buy in.

Fewer Classroom Disruptions

More regulated and resilient staff reduce the power struggles that lead to lost learning time.

Support for Existing Priorities

This training strengthens your MTSS, SEL, & trauma-informed efforts with practical, unifying tools.

Discipline numbers have gone down.

Educators have bought in. I've seen such a change!
