Grades 6-12

Team up & GO PHONE FREE!

Tips for Use

When we change the conversation around cell phones from punitive to supportive, we can engage students' Upstairs Brains.

Use this printable poster to remind students that everyone is on the same team, and that team will perform better without cell phones!

Remember to practice what you preach by removing digital distractions as much as possible.

Check out "Going Phone-Free at School: Getting Everyone on Board" on ***Not Your Average PD*** for a conversation about what it really takes to help a school go phone-free.

Find ***Not Your Average PD*** on YouTube, Spotify, and your favorite podcast app.

To encourage human connection...

To help our brains focus...

To avoid distracting others...

Mobile devices must not be seen, used, or heard in the classroom

Please be sure your phone is OFF & AWAY before entering the classroom.

If your phone is seen or heard in the classroom, you will need to put it in an Electronics Envelope to be picked up at the end of the day.
