Turn Training into Systemwide Practice.

Behavior Rewired™ Train-the-Trainer

An immersive, in-person workshop that empowers school leaders with turnkey tools & resources

April 6-8, 2027

Austin, TX
Hosted by Region 13 ESC

Behavior challenges are exhausting.

They're also expensive, costing you instructional time, staff capacity, and team morale.

It's time to update our approach to behavior.

The Foundation Your System Has Been Missing

You've already invested in PBIS, SEL, restorative practices, and/or trauma-informed training. *Those investments matter.*

Behavior Rewired™ increases the efficacy of the work your team is doing by providing a practical, strengths-based understanding of the brain behind behavior.

It gives staff shared language and easy-to-use tools that help everything already in place connect, carry over, and actually stick—*especially for students those approaches haven't yet reached.*

Strengthen staff alignment. Build lasting capacity.

BraveBrains

One Training. Broad Impact.

1 **More Confident Leaders**
Participants return with a fresh lens for understanding behavior and real-world practice to support a strong rollout.

2 **Stronger Staff Alignment**
A shared, strengths-based language that honors both student and staff experiences, helping even skeptical educators begin to buy in.

3 **Fewer Classroom Disruptions**
More regulated and resilient staff reduce the power struggles that lead to lost learning time.

4 **More Impact from Existing Investments**
Strengthen your MTSS, SEL, and trauma-informed efforts with practical, unifying tools.

5 **Sustainable In-House Growth**
Participants return with everything they need to train others—slides, visuals, facilitator guides, and supported practice—so the learning can reach your whole team.
